Lux After Dark

Photo: Sneak preview of the dress rehearsal for Friday's "Lux After Dark" show that is coming over all the way from the renowned L'Étoile Rouge to entertain you during the Masquerade halftime. So you don't need to leave while the judges are off conferring. They might even be back early to see this too.

Marriott Mirage

Attention all guests in the Marriott Oasis: The electricity in your tower will be shut off on Sunday, August 27, just after 12 noon! There will be **no** extended checkout that day, nor can you stay in that room after 12 noon, even if your reservation extends beyond the 27th. If you are staying later and have not made arrangements with the hotel to move to another room, please check with the Marriott front desk.

How can you tell whether or not you're in the Oasis Tower? The room number sign says "Oasis". Also, it's the tower near the Starbucks and FedEx/Kinko's. If you use the elevators right across from the front desk, you are **not** affected.
